We will lead a discussion regarding zingers, that is cautionary tales, practical tips, pointers, short related war stories, as well as backup materials from two agencies on these subjects.

First, group members will each share such a lesson with the Inn.

Second, we will present discussion of the top five best things to do to avoid ethics violations, as recommended by the OSB Bar Council Office.

Third, we will lead discussion of the top five best things to do to avoid malpractice, as reported by the PLF staff, and one of our members.

After these presentations, we will have open microphone and invite the membership to present zingers of their own regarding ethics violation prevention and malpractice violation prevention. We to encourage the membership to think about what they might present in the nature of a helpful zinger.
